

Eureka Math tips for Parents

Time, Shapes, and Fractions as Equal Parts of Shapes

In this final Module of the year, students extend their understanding of part-whole relationships through the lens of geometry. As students compose

How you can help at home:

- It's time to practice telling time! Using an analog clock, help your student practice telling time to the nearest 5 minutes.
- When drawing simple shapes, have your student practice dividing them into halves, thirds, and fourths (emphasizing equal-sized pieces).

Key Common Core Standards:

- **W**
 - Tell and write time from analog and digital clocks to the nearest five minutes, using a.m. and p.m.
- **R**
 - Recognize and draw shapes having specified attributes, such as a given number of angles or a given number of equal faces. Identify triangles, quadrilaterals, pentagons, hexagons, and cubes
 - Partition circles and rectangles into two, three, or four equal shares
